

ELVIS RONO KIBET

Portsmouth, United Kingdom

Phone Number: +44 7349 684897, Email: elvisrono29@gmail.com

PROFESSIONAL SUMMARY

A Software Engineer with experience in frontend development and a growing focus on data analytics and data-driven systems. Contributed to the development of real time tracking platforms by building user interfaces and analytics dashboards that support operational workflows and data driven decision making. Skilled in translating business requirements into effective technical solutions within real time environments. Currently pursuing MSc Data Analytics, with a strong interest in progressing into data science and machine learning roles.

PROFESSIONAL EXPERIENCE

Software Engineer | April 2024 – January 2026

Keshi Holdings Limited | Nairobi, Kenya

- Developed frontend interfaces for an aviation fleet management system supporting real-time aircraft tracking, communication, and operational visibility
- Designed responsive dashboards to display live telemetry data including aircraft position, speed, and estimated arrival times
- Contributed to the delivery of cargo and logistics tracking systems deployed in Djibouti, enabling real-time shipment monitoring and reporting
- Built analytics dashboards using Apache Superset to visualise logistics data and track key operational metrics
- Supported implementation of ELK Stack monitoring for centralized logging and system performance tracking
- Collaborated with cross-functional teams to translate operational requirements into functional software solutions

ICT Intern | January 2023 – March 2023

Judiciary of Kenya – Directorate of ICT (Milimani Law Courts) | Nairobi, Kenya

- Supported IT infrastructure through system maintenance, troubleshooting, and user support
- Assisted with network setup, hardware configuration, and software installation
- Provided user training and support for internal systems including case tracking and asset management platforms

EDUCATION

MSc Data Analytics | January 2026 - Present

University of Portsmouth | United Kingdom

Relevant Focus: Data analytics, machine learning applications, data-driven decision making

Bachelor of Informatics and Computer Science | 2020 - 2024

Strathmore University | Kenya

Relevant Coursework: Internet Application Programming, Advanced Database Systems, Machine Learning & Artificial Intelligence, Research Methodology & Technical Writing

CERTIFICATIONS

Intermediate Certificate in Data Science | 2024

Project Management Certificate | 2024

Certificate in Data Analytics and Visualization | 2023

TECHNICAL SKILLS

- Programming Languages: React, Typescript, Javascript, Python, SQL, HTML, CSS
- Data Analytics: Apache Superset, Apache JMeter, Data visualizations
- System & Tools: Azure DevOps, ELK Stack, Database management, REST APIs
- Authentication & Security: Keycloak
- Databases: PostgreSQL
- Containerisation & Deployment: Docker
- Collaboration & Productivity: Slack

LANGUAGES

- English: Fluent (written and spoken)
- Swahili: Fluent (written and spoken)
